SEE OVERNIGHT HOW READILY POSAM HEALS

Often when Posam is applied to an
eruptional spot that is the last you will
see of the disorder, and the skin is clear
next morning.
Posam is efficiency itself in the treat-
ment of any skin trouble. Its merits
are easily demonstrated by trial over-
night. Complexions are beautifully
cleared; Blackheads and adolescent Pim-
ples removed. Nothing equals Posam for
Eczema. Itching stops at once. All
eruptional troubles are controlled and
driven away.
Your druggist sells Posam. For free

ries, 54 West 25th Street, New York.

In rate revision are dragging out so
long that the fight is to be carried to
Albany next winter unless quick de-
cision is reached.

Organizations of local boards of
trade, taxpayers' associations and
apartment house owners' associations
are being mobilized by M. H. Winkler,
whose original complaint, filed
just a year ago, is the basis for pend-
ing proceedings. A circular letter has
been sent out to hundreds of these
associations and individuals who par-
ticipated in last winter's fight, call-
ing on them to make all legislative
candidates, regardless of party, state
clearly in advance their attitude
toward the telephone rate campaign.
In his call to start anew the cam-
paign Mr. Winkler recites the slow
progress made in appraising the
telephone company's property as a
basis for complete revision of rate
schedules and the scheme of the com-
pany to delay it by requiring an in-
ventory of all its property in New
York, New Jersey and Connecticut.
He then continues:

WANT AS LOW RATES AS OTHER CITIES.

"All that we are seeking is to se-
cure a schedule of rates and charges
for telephone service which will com-
pare favorably with those in force in
other large cities of this country,
schedules which will be in all re-
spects fair and equitable to all con-
cerned—the New York Telephone
Company, its subscribers and the
public generally.

"Such results can be obtained if
you set yourself to the task of their
attainment. There is and will be no
disposition on the part of any one
interested in these proceedings to
interfere with the due and orderly
process of the Public Service Com-
mission in determining these matters
provided the commission brings them
to an early and satisfactory con-
clusion. I mean a conclusion that
will be satisfactory to the majority
of our people.

"Within the next few weeks candi-
dates for the State Senate and As-
sembly will present themselves in
every Senatorial and Assembly dis-
trict seeking the indorsement of their

constituents. I conceive it to be your
duty to ascertain from candidates, no
matter to what party they claim
allegiance—Democratic, Republican or
Progressive—their attitude toward
these problems.

"These matters are neither partisan
nor political, and you have the right
to demand from those who seek your
suffrage a definite expression of their
views. By following such a course
you may at least avoid the necessity
of being called upon to appear before
the Legislature, as so often has been
necessary in the past, and on bended
knee to ask those whom you honor
with your suffrage to give you the
things to which you are justly en-
titled. The solution of these problems
rests with you."

APARTMENT HOUSE OWNERS ADD THEIR APPEAL.

Another circular letter has been
sent out signed by the sub-committee
on ways and means of owners and
agents of apartment houses, consist-
ing of the F. R. Wood-W. H. Dolson
Company, Faulhaber & Co., Weesla
Bro., Joseph E. Marx, Slawson &
Hobbs, Sonn Bros., Knap & Wasson
and Dubois & Taylor.

This circular contains extracts from
facts presented to the Senate Com-
mittee last spring citing the discrimi-
nation in telephone rates between
Chicago and New York. It says:
"What the people of Greater New
York ask of the telephone company is
that they be accorded the same treat-
ment that is accorded to telephone
subscribers and users in other parts
of the country. What they insist
upon is that the same rates and
charges now in force in Chicago be
established in New York.

"The New York Telephone Com-
pany and the Chicago Telephone
Company are, figuratively speaking,

one and the same company. The
American Telephone and Telegraph
Company controls both companies.
Notwithstanding this common owner-
ship and interest the rates for tele-
phone service in New York City are
from 25 to 33 1-3 per cent. higher than
those charged for similar service in
Chicago."

Three Highwaymen Rob Man.
John Kowalski, 37-year-old, of No. 178 Rockaway road, Jamaica,
was attacked early to-day by three
highwaymen at Juniper avenue and
Grand street, Manhett. One man
knocked him down with an iron bar,
and after getting \$15 from him, left him
unconscious. A policeman sent him to
St. John's Hospital, Long Island City.
He could give no description of his as-
sailants.
